

Dear AMS Digital Association,

Thank you for your application to become an AMS Club. As you can imagine, we received a large number of applications. I am sorry to inform you that we are not offering you the opportunity to become an AMS Club at this time.

The Clubs and Societies Working Group thanks you for the time you invested to apply to become an AMS Club. If you have any questions about why your application was rejected I encourage you to reach out to the Clubs and Societies team at the AMS (clubquestions@ams.ubc.ca) so we can provide you with feedback that might make your club a stronger applicant in the future. You're also welcome to come chat with us in office hours: 11am-1pm on Mondays and 10am-2pm on Wednesdays in Room 3501.

Please note that our decision for this round of applications is final, but you are welcome to apply for future cycles.

Best wishes for a successful club year. Thank you, again, for your interest in the AMS.
